TMSD

Thread Mill for Deep Holes

EXPANDED LINE

Full Profile Inserts
for ISO, UN & NPT

Features

- Full Profile Inserts ISO, UN, and NPT

Benefits

- Complete threading profile, including the minor diameter, for a superior surface finish
- Extended tool life
- Full Profile Inserts provide optimal nose radius

Range

- ISO – 1.0, 1.5, 2.0
- UN – 18, 16, 14, 12
- NPT – 18, 14, 11.5, 8
- Inserts are available in IC sizes: 5L, 1/4"U, 3/8"U, 1/2"U
- Full profile inserts use the same TMSD toolholders as the partial profile inserts

VARGUS GENius™

The TMSD Line is already integrated into the **VARGUS GENius™** software for tool selection and cutting data ready to meet the most demanding threading requirements.
